

# Memo

**Date:** February 17, 2021  
**To:** CHS customers of the Fairmont processing plant  
**From:** Alex Busch, senior merchandiser, Global Grain & Processing  
**Subject:** CHS Fairmont soybean processing plant shutdown May 15 – July 31

Effective May 15, the CHS Fairmont soybean processing facility will shut down through July 31, to perform maintenance needed for the completion of the plant expansion project.

The expansion will improve plant safety, operating efficiencies and increase capacity. Construction and related site improvements are on schedule and we're looking forward to a late summer 2021 project completion.

**Please contact your soybean meal or soybean merchandiser at 800-652-9727 for any questions regarding shipping or receiving during the shutdown as shipping and receiving will be operational.**

We appreciate your business and thank you, in advance, for your patience during this temporary shutdown.
